## PROFILE SUMMARY

---

Software engineer with an experience of **3 years** in **Asp.Net Core**, **C#**, and **Angular** development. Skilled in developing robust web applications, optimizing performance, and ensuring code quality. Open to opportunities where I can contribute the knowledge I have gained from my career. Willing to collaborate with people, whether in office sitting or remote work from anywhere across India.

## WORK EXPERIENCE

---

### Full Stack Dev

Dec 2021 – Present

Cognizant Tech. Solutions | Bangalore, India

- Contributed to the development of a comprehensive web application targeting the specific needs of the business plan team.
- Designed and developed multiple web pages using **Angular TS**, **Asp.Net Core** Web Framework, HTML, CSS, and **JavaScript**.
- Automated key reports that need to be prepared on a daily, and weekly basis and should be delivered to the client, significantly reducing work effort and time by 100%.
- Constructed multiple modules for a web application using Asp.Net Core MVC assuring high performance, reliability, and scalability.
- Proficient in **debugging** and resolving issues in the application, utilizing tools such as Visual Studio Debugger to identify and address bugs promptly, ensuring smooth performance and functionality.
- Actively engaged with clients in design discussions, gathering requirements, and giving demonstrations to align solutions developed with client expectations.
- Conducted coding reviews and provided constructive feedback to team members to maintain **code quality** and consistency.
- Optimized **database** queries, and procedures to greatly reduce the execution time and memory.
- Established robust data reporting application using Asp.Net MVC.
- Participated in multiple enhancements, bug fixes, and web page designs and proven ability to code and perform using **SOLID** principles.

### Intern

June 2020 – Aug 2021

TCS | Bangalore, India

- Designed and created various web pages using HTML, JavaScript, CSS, and Bootstrap.
- Introduced to object-oriented programming languages such as C#, Python, and C++.
- Introduced to software development methods such as **Agile** and **Waterfall** models.
- Introduced to DevOps, Angular JS, Asp.Net Core, and REST APIs.

## PROJECTS

---

### Business Plan Application – Asp.Net Core MVC

- Spearheaded an entire module development and implementation of Process Risk Mapping within the Business Plan Application, leveraging Asp.Net Web forms to deliver a robust and user-friendly tool for identifying, assessing, and mitigating risks in business processes, thereby enhancing strategic decision-making capabilities for our clients.
- Played a key role in integrating an advanced issue management system into the application.
- Actively contributed to the identification and resolution of bugs within the application. Used my best knowledge to swiftly address issues, ensuring seamless user experience and delivery of high-quality software.

### College Management – Angular, Asp.Net Core Web API

[View in GitHub](#)

- Crafted a visually captivating College Management application with Asp.Net Core Web API as the backend and Angular framework as the front end.
- This project covers the integration of academic, administrative, and student-centric functions.

### E-Commerce Application – Asp.Net Core

[View in GitHub](#)

- Programmed a Shopping Application leveraging technologies like Asp.Net Core MVC, Entity Framework Core (repository pattern), and Asp.Net Core Identity.
- This project is a web application where a user can purchase books and make payments via Stripe. Integrated the Asp.Net Core Identity to implement role-based authentication.

## EDUCATION

---

### Bachelor of Technology (B. Tech.)

2018 – 2021

Chaitanya Bharathi Institute of Technology (AP)

### Diploma (Polytechnic)

2015 – 2018

Govt. Polytechnic, Proddatur (AP)

## SKILLS

---

Asp.Net Core MVC | Angular | TypeScript | Asp.Net Core | C# Programming | Asp.Net Webforms | VB.Net Programming | GitHub | HTML | CSS | jQuery | Entity Framework Core | SQL Server | Responsive Web Development | Front-end Development | REST API | Asp.Net Core Web API | LINQ | Backend Development | JavaScript | Basics of Python | Team Management | Leadership | Communication | Time Management | Adaptability | Problem-Solving | Teamwork | Creativity

## PERSONAL DETAILS

---

Gender : Male

Address : Marathahalli, Bangalore, Karnataka – 560047
